MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is entered into as of this 16th day of January, 2001, by and between the TUOLUMNE RANCHERIA BAND OF ME-WUK INDIANS, a federally recognized Indian tribe ("Tribe"), and the COUNTY OF TUOLUMNE, a political subdivision of the State of California ("County") and the TUOLUMNE FIRE PROTECTION DISTRICT, a State of California Special District ("Fire").

1.0 INTRODUCTION

- 1.1** The Tribe is a federally recognized Indian tribe which occupies a reservation ("Rancheria") within County's geographic boundaries.
- 1.2** Under the Indian Gaming Regulatory Act of October 17, 1988 (Public Law 100-497), 25 U.S.C. § 2701, *et seq.* ("IGRA"), the Tribe may engage in gaming as a means of raising tribal revenues and achieving self-sufficiency. Certain kinds of gaming, particularly activity defined as "Class III gaming," require that the Tribe enter into a Tribal-State Class III Gaming Compact with the State of California ("Compact").
- 1.3** In May 2000, a Compact executed between the Tribe and the State of California in September 1999 became legally effective. Among other things, the Compact authorizes the Tribe to engage in Class III gaming under IGRA and requires the Tribe to meet and confer with local governments on a government-to-government basis with respect to the construction and operation of a gaming project pursuant to the Compact.
- 1.4** The Tribe has determined that the kind of gaming project envisioned in the Compact would assist it in developing and funding tribal governmental programs which address the educational, elderly, medical, job training and employment needs of the tribe, as well as funding other tribal governmental programs and benefits. Without a gaming project, such programs and benefits generally would be unavailable to the Tribe or its members, or if available, would only be provided from federal governmental sources that would render the Tribe dependent and insufficiently funded. The Tribe and its members desire to be economically viable and self-sufficient, and the kind of gaming project anticipated in this MOU and under the Compact provides the tribe with that opportunity. Accordingly, the Tribe has determined that it is in its and its members' best interest to create and operate a tribal gaming project on its reservation ("project") in order to assist the tribe in reaching its economic needs and goal.
- 1.5** Because of certain provisions of the Compact, Tribe desires to open an initial gaming facility on or before May 14, 2001.

Memorandum of Understanding

Page 2 of 21

- 1.6 The Tribe desires to operate its gaming project in a manner that benefits the Tribe, its members and the community as a whole, and the County recognizes the mutual benefit that can be derived if that goal is achieved. Accordingly, the Tribe and the County have participated in a series of meetings with each other to hear and consider the ways in which each government can assist the other in making the project one that is mutually beneficial while being consistent with the Tribe's governmental needs.
- 1.7 This MOU embodies the concepts and agreements developed by the Tribe and the County to date as a result of those meetings and continuing dialogue, and is intended to legally bind the parties to the obligations and government-to-government framework created in this document, so that the Project may better serve the mutual interests of the Tribe and the County and their communities.

NOW, THEREFORE, THE PARTIES HAVE REACHED THE FOLLOWING UNDERSTANDINGS:

2.0 DESCRIPTION OF PROJECT

- 2.1 Class III gaming will be conducted only on Rancheria land which the United States held in trust for the Tribe as of October 17, 1988, or on land which otherwise qualifies for Class III gaming under IGRA Section 20, 25 U.S.C. § 2719.
- 2.2 The proposed site consists of three (3) acres of the Tuolumne Rancheria acquired and held in trust for the Tribe prior to October 17, 1988 and located on Tuolumne Road North, near the community of Tuolumne ("Site").
- 2.3 The project will be developed in two phases:
 - 2.3.1 *Phase I* will consist of an approximately 22,500 square foot casino, to be opened by May 14, 2001. The facility will house gaming devices, gaming tables (for permitted house banked and non-banked card games), a restaurant and service and support areas. Parking will be located on the project site, or as otherwise reviewed and assessed in the Draft Environmental Study for the project prepared for the Tribe by Mooney & Associates ("ES"), discussed at Section 3 of this MOU. The casino itself will be a temporary metal structure which can be moved when *Phase II* is completed.
 - 2.3.2 *Phase II* will be a 128,500 square foot two (2) story entertainment facility located where parking is planned for the *Phase I* facility. The *Phase II* facility will offer approximately the same quantity of gaming as in the *Phase I* facility, but will have added amenities such as an entertainment

Memorandum of Understanding

Page 3 of 21

lounge, fine dining restaurant, bowling alley, coffee shop, bakery and additional tribal administrative offices. Customer parking for the *Phase II* facility will utilize land owned by the tribe and contiguous to the site (but at the rear of the site, away from the main highway), since the expanded *Phase II* facility will be on the portion of the trust site which will be used for parking during *Phase I*. The contiguous land is not held in trust. Parallel efforts to place the contiguous land in trust and obtain a General Plan amendment to comply with local land use designations are underway. There are no plans to conduct Class III gaming on the contiguous land, even if it is accepted into trust by the Secretary of the Interior, but should the Tribe desire to do so, the parties will meet and negotiate in good faith to amend this agreement with respect to any way in which such gaming places additional burdens on the County and Fire.

- 2.4** Further details regarding the Project description, including site plans, floor plans and elevations, are set forth in the ES. *See* Section 3.0, below.

3.0 ENVIRONMENTAL STUDY

- 3.1** Pursuant to Section 10.8 of the Compact, the Tribe adopted the Tuolumne Off-Reservation Impact Ordinance, which addresses the process for reviewing any off reservation environmental impacts of the Project. In accordance with that Ordinance, the ES has been prepared and circulated to various state and local governmental agencies and has been disseminated to the public, and comments have been invited and considered by the Tribe.
- 3.2** In addition to the formal process outlined in the Ordinance, early informational meetings between the Tribe and various local agencies have been held, including the Tuolumne Sanitary District, Tuolumne Utilities District, Tuolumne Fire Protection District and Tuolumne County Fire Department. Many of the comments from those agencies are reflected in the understandings set forth in this MOU and in the mitigation measures described in the ES.

4.0 FORMAT OF MOU

- 4.1** This MOU sets forth the various understandings between the Tribe and the specific County agencies identified in the appropriate sections below, which are organized by subject matter.

5.0 LAW ENFORCEMENT

- 5.1** The following represents understandings reached with the Tuolumne County Sheriff's Department. Understandings and protocols reached with the Office of the District Attorney for Tuolumne County regarding prosecution of crimes in

Memorandum of Understanding

Page 4 of 21

connection with the Project are addressed in Section 6, below.

- 5.2** The parties recognize that the Tribe and the Sheriff have concurrent responsibility for maintaining order and safety on the reservation (i.e., the Tribe through its inherent sovereign authority and the Sheriff through Public Law 280). Procedures will be developed that cover the turnover of persons apprehended and arrested for criminal activity by Tribal Project Security personnel.
- 5.3** To meet security needs, the Tribe agrees to provide an adequate level of on-site security staff that shall be on duty during all hours of project operations. The Tribe shall meet and confer with the Sheriff's Department to determine reasonable staffing and training needs. The Sheriff's Department will assist with training in basic security subjects (i.e., turnover procedures, report writing, use of force, etc.) provided that staffing at the Sheriff's Department allows for such assistance. The Tribe shall pay all reasonable costs incurred by the County for training the Tribe's personnel in such programs. The Sheriff's Department shall present the Tribe with a budget for such training and obtain the Tribe's approval before incurring any costs in connection therewith.
- 5.4** The parties recognize that the increase in traffic and attendance connected with the Project will create added burdens on the Sheriff's Department in terms of patrolling and responding to calls for assistance. Because some of that activity will take place on the Rancheria, special training and staffing assignments by the Sheriff's Department will be required. It is expected that cross training in the mutual roles of both the Tribe and Sheriff's Department will be necessary. In order to meet these increased burdens, the Tribe and County have agreed as follows:

 - 5.4.1** The Tribe hereby consents to the entry of the Sheriff's Department on the Project site for purposes of providing those routine law enforcement services as to which entry is required under Public Law 280, and in other circumstances as may be permitted under procedures developed under Section 5.4.4, below. The Sheriff's Department shall seek the Tribe's permission to enter onto the project site for purposes other than such routine services, pursuant to the notification and permission procedures developed under Section 5.4.4, below. For the purposes of this MOU, the County agrees that the Sheriff will confer the powers to enforce laws and ordinances within the County upon the appropriately trained and certified personnel of the Tribe's law enforcement and security department personnel.
 - 5.4.2** The Sheriff's Department agrees to assist the Tribe with the cross-training required to provide a smooth and effective working relationship. The Sheriff's Department will assist the Tribe as needed to review written

Memorandum of Understanding

Page 5 of 21

policies and guidelines for Tribal security operations, expectations for Tribal security officers to interface effectively and smoothly with Sheriff's Department operations, and the review of written policies and guidelines for Tribal security operations.

5.4.3 To help offset the added cost of such training, patrolling and response services by the Sheriff's department, the Tribe has agreed to reimburse the Sheriff's Department, as follows:

- a) For *Phase I*, the sum of Two Hundred Thousand Dollars (\$200,000.00) per annum to be paid on or before January 1st of each year beginning January 1, 2001, and continuing until the commencement of operation of *Phase II*. The January 1, 2001 payment shall be paid as follows:
 - 1) The sum of One Hundred Thousand Dollars (\$100,000.00) to be paid on or before May 1, 2001, and
 - 2) The balance of One Hundred Thousand Dollars (\$100,000.00) to be paid on or before June 1, 2001.
- b) Upon commencement of operation of *Phase II*, the sum of Two Hundred Fifty Thousand Dollars (\$250,000.00) per annum to be paid on or before January 1st of each year. The Tribe shall pay its pro rata increased share of said amount within ten (10) days of commencement of operation of *Phase II*, and
- c) On the fourth January 1st after commencement of operation of *Phase II*, the Tribe shall pay the sum of Three Hundred Thousand Dollars (\$300,000.00) per annum to be paid on or before January 1st of each year for as long as the Project is in operation.

5.4.4 The parties shall begin meeting and conferring immediately, and shall continue doing so at least once a month thereafter, to discuss the implementation of policy, procedure, and protocol for the smooth and effective interface of the Tribe and Sheriff's Department in the provision and maintenance of safety and law enforcement to the Project. Protocols to be developed include responding to calls for service at the Project, and appropriate interaction between the Sheriff's Department and Project security personnel. Protocols shall also include the proper handling and

preservation of evidence, particularly with respect to the preparation and protection of surveillance tapes, incident reports, witness statements, and patrol and arrest procedures, all of which shall be coordinated with the Office of the District Attorney for Tuolumne County in light of the Tribe's and County's respective jurisdictions and the fact that the Project is located in a Public Law 280 state. *See* Section 6 below.

6.0 PROSECUTION

- 6.1** All prosecutions for violations of law at the Project site and within the casino facility itself shall be conducted by the District Attorney for Tuolumne County in state court without regard to whether the charges are filed against Indians (including members of the Tribe) or non-Indians, except as such distinctions are recognized under law.
- 6.2** The Tribe shall have the right to name a liaison person with whom the District Attorney for Tuolumne County may consult with regarding such prosecutions, but prosecutorial decisions and strategies shall be exclusively within the discretion of the District Attorney for Tuolumne County.

7.0 FIRE SERVICES

- 7.1** The Tribe shall consult with the Tuolumne County Fire Prevention Bureau regarding design of the Project facilities to ensure that adequate fire prevention and protection methods are being provided and maintained throughout the operation of the project. The project shall conform to applicable 1997 Uniform Building Codes, California Fire Codes, Tuolumne County Ordinance Code on fire related matters, or other recognized standards to which the Tribe and the Tuolumne County Fire Prevention Bureau shall agree.
- 7.2** The Tuolumne County Fire Prevention Bureau shall provide on-going inspections during construction and advise the Tribe on a voluntary, non-jurisdictional basis. After the completion of construction, the Tuolumne County Fire Prevention Bureau will conduct two Fire and Life Safety Inspections annually. The inspection fees provided for in Chapter 3.40 of the Tuolumne County Ordinance Code shall be paid to the Tuolumne County Fire Prevention Bureau at the time of each inspection. The Tuolumne Fire Protection District or the Tuolumne County Fire Department may accompany the Fire Prevention Bureau on inspections.
- 7.3** The Tribe recognizes that significant fire protection and emergency response services will be required by the Project and that there will be an impact on the community which the Tribe shall mitigate. The parties have agreed to the following as mitigation of those impacts:

Memorandum of Understanding

Page 7 of 21

7.3.1 To help offset the added cost of fire protection and emergency response services, the Tribe has agreed to mitigate those added costs as follows:

- a) For *Phase I*, the Tribe shall pay to the Tuolumne Fire Protection District the sum of Three Hundred Thousand Dollars (\$300,000.00) per annum to be paid on or before January 1st of each year beginning January 1, 2001, and continuing until the commencement of operation of *Phase II*. The January 1, 2001 payment shall be paid on or before April 1, 2001.
- b) Upon commencement of operation of *Phase II*, the Tribe shall pay to the Tuolumne Fire Protection District the sum of Three Hundred Fifty Thousand Dollars (\$350,000.00) per annum to be paid on or before January 1st of each year. The Tribe shall pay its pro rata increased share of said amount within ten (10) days of commencement of operation of *Phase II*, and
- c) On the fourth January 1st after commencement of operation of *Phase II*, the Tribe shall pay to the Tuolumne Fire Protection District the sum of Four Hundred Thousand Dollars (\$400,000.00) per annum to be paid on or before January 1st of each year for as long as the Project is in operation.

7.3.2 The parties recognize that there are automatic aid and mutual aid agreements for fire protection and emergency services in effect in Tuolumne County. The increased need for fire protection and emergency services required for the Project will have a significant impact on those automatic aid and mutual aid agreements. The Tribe agrees to mitigate those impacts by paying to the Tuolumne County Fire Department, to be used for the recruitment, equipment, training, and retention of volunteers in Tuolumne County, as follows:

- a) For *Phase I*, the sum of Twenty Thousand Dollars (\$20,000.00) per annum to be paid on or before January 1st of each year beginning January 1, 2001, and continuing until the commencement of operation of *Phase II*. The January 1, 2001 payment shall be paid on or before July 1, 2001.
- b) Upon completion of *Phase II*, the sum of Thirty Thousand Dollars (\$30,000.00) per annum to be paid on or before

Memorandum of Understanding

January 1st of each year. The Tribe shall pay its pro rata increased share of said amount within ten (10) days of commencement of operation of *Phase II*, and

- c) On the fourth January 1st after completion of *Phase II*, the Tribe shall pay the sum of Forty Thousand Dollars (\$40,000.00) per annum to be paid on or before January 1st of each year for as long as the Project is in operation.

8.0 EMERGENCY MEDICAL SERVICES

- 8.1 The Tribe recognizes that there will be significant impacts on all of the County's first responders. Tuolumne County Emergency Medical Services provides all the training for the County's first responders. The Tribe shall pay to Tuolumne County Emergency Medical Services the sum of Ten Thousand Dollars (\$10,000.00) per annum on or before January 1st of each year for as long as the Project is in operation to pay for the required training for the County's first responders and to mitigate the impacts the Project will have on the County's first responders. The first payment due hereunder shall be paid on or before July 1, 2001.
- 8.2 The Tribe also recognizes that there will be significant impacts on Tuolumne County's Office of Emergency Services due to the Project. To aid in the planning and implementing of emergency services, the Tribe shall pay to the Tuolumne County Office of Emergency Services the sum of Ten Thousand Dollars (\$10,000.00) per annum on or before January 1st of each year for as long as the Project is in operation. The first payment due hereunder shall be paid on or before July 1, 2001.

9.0 PUBLIC WORKS

- 9.1 The Tribe, at its own expense, shall design the realigned Scott Brothers Drive and construct a road providing access to the County's existing service yard. The design of this access road will be subject to review and approval of the Tuolumne County Public Works Department and shall use as a minimum standard for the road section design a T.I. = 6.0. The realigned access road will be formalized by written easement agreements in favor of Tuolumne County from all the affected property owners upon whose property the realigned access road is to be built. Prior to the issuance of any encroachment permits for the Project, the easement agreements for the realigned Scott Brothers Drive shall be reviewed, approved and recorded by the County of Tuolumne. During the construction of *Phase I* the Tribe will be responsible for providing temporary access through the construction site on a continuous and uninterrupted basis until the permanent realigned road is completed and accepted by the County.

Memorandum of Understanding

Page 9 of 21

- 9.2 The County will provide timely removal of ice and snow from all public roads in, near or leading to the Project. Snow and ice control will continue at historical levels unless the Tribe contracts with the County for a higher level of service for snow and ice control.
- 9.3 With respect to the conduct of construction on the site, the Tribe shall take the following measures to reduce fugitive dust emissions, including those derived from potential asbestos-bearing rock:
 - 9.3.1 Identify areas of serpentine rock on the project site early in the construction phase;
 - 9.3.2 Comply with Tuolumne County APC Regulation III (open burning);
 - 9.3.3 The Tribe shall be responsible for dust abatement during construction and development of *Phase I* and *Phase II*. A water truck or other watering device shall be on the Project site on all working days when natural precipitation does not provide adequate moisture for complete dust control. Said watering device shall be used to spray water on the site at the end of each day and at other intervals, as need dictates, to control dust;
 - 9.3.4 Cover all trucks hauling soil, sand, and other loose materials or require all trucks to maintain at least two feet of freeboard; and,
 - 9.3.5 The Tribe shall submit drainage, erosion control, and storm water pollution plans ("Plans") for review and comment to the Tuolumne County Public Works Department, which shall provide the Tribe with comments on the Plans, if it has any, on a priority basis. The Tribe shall give good faith consideration to conforming the Plans in accordance with such comments and to the standards generally required for Storm Water Pollution Prevention Plans adopted in connection with notice of intent (NOI) permits issued by the County.
 - 9.3.6 Follow all other mitigation measures generally required for similar projects by the County.

share such information with the County in order to adjust for any additional burdens or issues which might arise with respect to traffic circulation once the project begins operations.

21.3 Response to Notice of Disagreement.

Within fifteen (15) business days of service of a Notice of Disagreement, the recipient shall provide a written response either denying or admitting the allegation(s) set forth in the Notice of Disagreement, and, if the truth of the allegations are admitted, setting forth in detail the steps it has taken and/or will take to cure the violations. Failure to serve a timely response shall entitle the complaining party to proceed directly to arbitration, as provided in Paragraph 21.5 below.

21.4 Expedited Procedure for Threats to Public Safety.

If the County or the Tribe reasonably believes that in violation of this MOU the other's conduct has caused or will cause a significant threat to public health or safety, resolution of which cannot be delayed for the time periods otherwise specified in this section, the complaining party may proceed directly to the Arbitration Procedures set out in Paragraph 21.5 below, without reference to the Meet and Confer or Notice of Disagreement processes set out in Paragraphs 21.1, 21.2 and 21.3 above, and seek immediate equitable relief. At least twenty-four (24) hours before proceeding in this manner, the complaining party shall provide to the other a written request for correction and notice of intent to exercise its rights under this Paragraph 21.4, setting out the legal and/or factual basis for its reasonable belief that there is a present or an imminent threat to public health or safety.

21.5.3 If either party requests an oral hearing, the arbitrator shall set the matter for hearing. Otherwise, the arbitrator shall decide whether to set the matter for hearing.

21.5.4 The resulting award shall be in writing and give the reasons for the decision. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The costs and expenses of the American Arbitration Association and the arbitrator shall be shared equally by and between the parties.

- 23.6 Severability.** Except as otherwise provided in this Paragraph 23.6, the invalidity of any provisions or portion of a provision of this MOU as determined by a court of competent jurisdiction shall not affect the validity of any other provisions of this MOU or the remaining portions of the applicable provisions. If any provision of this MOU is declared invalid by a court of competent jurisdiction which results in the diminution of any payments or financial obligations of the Tribe to the County, then the parties shall use their best efforts to renegotiate the terms of the invalid provisions; in the event that the parties are unable to successfully renegotiate the invalid terms, then they shall resolve the matters at issue through the dispute resolution provisions of this MOU.
